

**ISLAMORADA, VILLAGE OF ISLANDS, FLORIDA**

**ADDENDUM NO. 1**

**CLARIFICATION TO**

**REQUEST FOR PROPOSALS  
FOR RESURFACING THE ATHLETIC FIELD AT FOUNDERS  
PARK  
(RFP 18-09)**

*ISSUE DATE: MARCH 5, 2018*

**This Addendum forms a part of the Request for Proposals (RFP) and clarifies the original Request for Proposals. Clarifications do not cancel any other portion(s) of the RFP, including other portions of affected Sections listed below, unless otherwise noted.**

**The RFP is hereby clarified as follows:**

**III. SCOPE OF WORK**

**Question:** Will the city be removing all remaining constructions debris (tree debris, etc.) from the site prior to the start of our work?

**Answer:** All vegetative debris and C&D have been removed from the site already. No storm debris remains, and the Village's debris management activities were completed by the end of December 2017. The aerial photo accurately depicts barren areas of the fields with some remaining vegetation and trees around the perimeter.

**Question:** If we must haul spoils from the site is there an on-site location to dispose?

**Answer:** If by spoils you are referring to remaining debris, please see response to question #1. If by spoils you mean contaminated or poor-quality soil needing to be disposed of, there is no on-site location for such disposal. Spoils in this case would need to be hauled out as appropriate for disposal.
