

The Village received numerous wastewater assessment appeals prior to the October 15, 2009 deadline, and is processing them in the order in which they were received. If you filed an appeal prior to the deadline, you will be notified in writing of either approval or denial of your appeal once processing is complete. Please note that unless you have already prepaid the assessment in full, the tax bill you receive in November 2009 will contain the first annual installment. If your appeal is approved, the Monroe County Tax Collector will issue a corrected 2009 tax bill. If your taxes are paid before the corrected billing is issued, any necessary refunds will be processed by the Monroe County Tax Collector. If you have not paid your taxes prior to receiving the corrected bill, you will have 30 days from the date of the issuance of the revised tax bill to pay your taxes at the 4% discount rate. If you prepaid the assessment, the Village will issue any necessary refunds.
