SI man charged in death of girlfriend

BY CITIZEN STAFF

Monroe County Sheriff's Office deputies arrested a 44-year-old Stock Island man during the weekend on charges of fatally beating his girlfriend.

Delmon Washington was charged in the murder of 46-year-old Latisha Tiare Alce and tampering with evidence, Sheriff's Office spokesman Adam Linhardt said in a news release.

"These cases are never easy, but this one was resolved very quickly due to the outstanding partnerships

between the Sheriff's Office, Key West Police Department, the State Attorney's Office and the Medical Examiner's Office," Sheriff Rick Ramsay said. "The suspect in this case would not have been identified and taken off the street in such a short amount of time had it not been for the great work among my staff and those partners."

The case began Saturday, July 23, when Key West Police stopped a Hyundai that was being driven with a blown tire at approximately 11:30 p.m. Friday, Linhardt said. Washington was the

driver and there were no passengers. He had a significant amount of blood on his clothes and body, but no visible injuries, Linhardt said. He was behaving erratically. Key West Police arrested Washington at that time for DUI, resisting arrest and other charges, according to Linhardt.

Key West Police found Alce's purse in the car and contacted the owner of the Hyundai—a family member of Alce's. Key West Police attempted to contact Alce due

Washington

to the circumstances and were not successful. The family was suspicious that Alce was not with Washington and went to the couple's residence on the 5100 block of Suncrest Road on Stock Island, Linhardt said.

The family found Alce covered in blood and unresponsive at the residence and called 911, Linhardt said. Arriving deputies attempted to revive Alce, but she was pronounced dead at the scene. Alce appeared

to have suffered blunt force trauma to her face and much of her body. There was a lot of blood at the scene as well as a broken table near her body, Linhardt said.

Detectives located security camera footage from a nearby business that showed Washington and Alce arriving at the residence earlier Friday night. It also showed Washington throwing away a large object and some clothing before leaving the scene in the Hyundai. There were no other vehicles or people seen entering or leaving the residence, Linhardt said.

Washington was already in jail Saturday on the initial charges filed by Key West Police when he was additionally charged with murder by the Sheriff's Office, Linhardt said.

Washington has a lengthy arrest record in Monroe County that includes aggravated battery, battery on law enforcement, kidnapping, armed burglary, larceny, drug offenses and resisting arrest among numerous other charges dating to 1999, Linhardt said.

NOTICE OF HEARING TO IMPOSE AND PROVIDE FOR COLLECTION OF NON-AD VALOREM ASSESSMENTS FOR STORMWATER SERVICE

Notice is hereby given that the Village Council of Islamorada, Village of Islands, Florida, will conduct a public hearing to consider reimposing Stormwater Service Assessments in the area receiving Stormwater Management Service from the Village, as shown above, and to authorize collection of such assessments on the tax bill. The hearing will be held at 5:30 p.m. or as soon thereafter as possible on August 25, 2022, at Founders Park Community Center, 87000 Overseas Highway, Islamorada, Florida. In accordance with the Americans with Disabilities Act, persons needing a special accommodation or an interpreter to participate in this proceeding should contact the Village Clerk at (305) 664-6412 at least seven (7) days prior to the date of the hearing. All affected property owners have a right to appear at the hearing and to file written objections with the Village Council. All written objections to the non-ad valorem assessments must be filed with the Village Council within twenty (20) days of this notice. Any person wishing to appeal any decision of the Village Council with respect to any matter considered will need a record of the proceedings and may wish to ensure that a verbatim record of the proceedings is made.

The Stormwater Service Assessments are proposed to fund the Village's cost to provide Stormwater Management Service in the area shown above. The Stormwater Service Assessments are based upon the estimated amount of stormwater runoff generated by impervious surface on the property. Impervious surfaces include the roof top, patios, driveways, parking lots and similar areas. The Village has determined that the average single-family residence in the Stormwater Service Area includes 3,322 square feet of impervious surface, which is defined as the "equivalent stormwater unit value" or "ESU Value." The annual Stormwater Service Assessment rate for the Fiscal Year 2022-23 and for future fiscal years will be \$32.00 for each Net ESU. The maximum annual Stormwater Service Assessment rate for Fiscal Year 2022-23 and for future fiscal years will be \$62.00 for each Net ESU. The total annual assessment revenue to be collected within the Village of Islamorada for the upcoming Fiscal Year is estimated to be \$201,000. Generally, the number of ESUs was calculated individually for each parcel of property by dividing the impervious surface area by 3,322 square feet. Credit for privately maintained stormwater management facilities and other factors affecting the quantity or quality of stormwater runoff has also been applied, resulting in an assignment of Net ESUs. A more specific description is set forth in the amended and restated Initial Assessment Resolution adopted by the Village Council on August 9, 2007. Copies of the amended and restated Initial Assessment Resolution, the amended and restated Final Assessment Resolution, and the updated assessment roll are available for inspection at the Office of the Village Clerk located at 86800 Overseas Highway, Islamorada, Florida.

The Stormwater Service Assessments will be collected on the ad valorem tax bill to be mailed in November 2022, as authorized by Section 197.3632, Florida Statutes. Failure to pay the Stormwater Service Assessment will cause a tax certificate to be issued against the assessed property which may result in a loss of title to your property. If you have any questions, please contact the Village at (305) 664-6446, Monday through Friday between 8:00 a.m. and 5:00 p.m.

VILLAGE COUNCIL OF ISLAMORADA, VILLAGE OF ISLANDS, FLORIDA

2 charged in deer kidnapping

BY CITIZEN STAFF

Two Miami men were arrested during the weekend after a Key deer was found in their vehicle following a traffic stop in Marathon, according to the Monroe County Sheriff's Office.

"We always talk about our law enforcement partners as our unique community relies on those partnerships," said Sheriff Rick Ramsay. "Thanks to the great work by our deputies and the quick actions of FWC, the Key deer is alive, and hopefully it will recover and be released."

According to a news release from Sheriff's Office spokesman Adam Linhardt, deputies stopped a blue Chevrolet hatchback-style vehicle near Mile Marker 56 that was failing to stay in its lane at approximately 1:56 a.m. Sunday, July 24.

Deputies quickly realized why the vehicle was not staying in its lane: An injured Key deer was inside the vehicle on top of a cooler, lawn chairs and other miscellaneous objects.

The two men in the vehicle said they struck the Key deer on U.S. 1 north of the Seven-Mile Bridge and initially thought it was dead. That area is not consistent with the known Key deer habitat, specifically Big Pine Key, No Name Key and patches of other areas in the Lower Keys.

The men stated they initially thought the deer was dead but realized the deer was still alive, so they decided to take it to a veterinarian in Miami for treatment.

Valdes

Pena

Both men stated they never called 911, the Florida Fish and Wildlife Conservation Commission or the U.S. Fish and Wildlife Service.

FWC officers responded to investigate further.

The men, who admitted to putting the deer in the vehicle, were arrested.

The FWC charged Yoankis Hernandez Pena, 38, and Andres Leon Valdes, 45, with cruelty to animals and taking, possessing or selling a federally designated endangered or threatened species, Linhardt said.

They were taken to jail and were held without bond.

The deer was taken alive to U.S. Fish and Wildlife officials on Big Pine Key, where it was being treated by a veterinarian. The deer will be released back into the wild if it survives.

Fish and Wildlife Service officials declined to comment on the case and the status of the animal.

In 2018, a judge sentenced two Miami men who captured, hog-tied and kidnapped three Key deer to six months in Monroe County jail and three years of probation.

Judge Mark Jones took guilty pleas and sentenced Erik Yosany Damas

Acosta, 19, of Miami Gardens, and Tumani Anthony Younge, 23, during court hearings in Key West. The two pleaded guilty to numerous felony animal cruelty and wounding an endangered species charges.

Also, Jones ordered both to perform 100 hours of community service and pay roughly \$5,300 in fines, fees and court costs.

The men admitted to capturing and hog-tying the three deer, but their attorneys said they only wanted to photograph them and did not plan to kill or injure them.

Acosta and Younge were stopped at 12:52 a.m. on July 2 for a routine traffic stop at Mile Marker 30 on U.S. 1 by a Monroe County Sheriff's Office deputy, who immediately contacted Florida Fish and Wildlife Conservation Commission officers and U.S. Fish and Wildlife Service agents when he saw the two deer in the backseat, reports say. A search shortly thereafter turned up the buck in the trunk.

The does were released, but the older buck was injured and had to be euthanized.

In 2015, a 31-year-old Big Pine Key man accused of killing a Key Deer with a pellet rifle because it was eating his garden plants was arrested Saturday, according to state and federal wildlife officials.

Grant Mosher Wilson of Bogie Drive was arrested on a third-degree felony count of killing an endangered species.
