Dear Mr. Frezza:

WSP USA Environment & Infrastructure, Inc. (WSP) is pleased to provide this proposal for continued professional services related to the Lower Matecumbe Canal Restoration Culvert Projects. This proposal is based upon discussions with Village staff in continuing to meet the deliverables outlined in the Canal Work Program Chapter 28-19 Land Planning Regulations for The Florida Keys Area of Critical State Concern, Islamorada, Village of Islands.

### BACKGROUND AND NEED SECTION

WSP has been working with the Village on community outreach, data collection, design, and permitting for the Lower Matecumbe Canal Restoration Culvert Projects under WA#2. Based on RAI comments from the USACE and FDOT during the permitting process, it has caused the need for a redesign of some of the components for the project and additional data collection efforts for the ecological review and resource impact analysis.

The following services are following the Continuing Services Agreement dated September 2018 and amended March 2019 for Professional Engineering Services, Canal Restoration Projects, and Environmental Permitting and Support Services.

### Scope of Services

#### Task 1: Continued Permitting

WSP will continue to work with the USACE and FDOT on addressing RAI comments for the projects and receipt of permits.

#### Task 2 : Support in Procurement of a Construction Contractor

Upon completion of the Construction Documents, Wood will assist the Village, which will be procuring the construction of the restoration, with the necessary procurement documents and meetings. Wood

will provide the following services to assist Village with the procurement of a contractor for the construction of the restoration:

- Prepare a Request for Proposal Package for Village review which will include the 100% Construction documents completed by WSP.
- Respond to applicable Proposers' Requests for Information (RFI's) and assist in the preparation of the Addenda, including revising the Request for Proposal Documents, as required.
- Attend a Pre-Proposal Conference and site walk-through and prepare meeting minutes. Conduct a Responsibility Review of the Apparent Low Bidder in accordance with requirements.
- Attend a Pre-Award Conference, to discuss the Proposer's qualifications and understanding of the Project, if required.

## Schedule

We will begin work on this project after receiving the written contract authorization and background data required for us to perform the work. We have prepared a Preliminary Schedule outlining the major tasks of the proposed work.

The anticipated time frame for project execution is nine months with each task to be completed within the number of months indicated below from the written Notice-to-Proceed (NTP):

SERVICES	MONTHS
Continued Permitting	Three (3) Months
Support in Procurement of a Construction Contractor	Five (5) Months

## Proposed Fee

Fees for the services described above will be charged on a Lump Sum Not to Exceed basis. The proposed fee includes the labor and expenses that can reasonably be anticipated to complete the scope of services as proposed and includes travel costs and expendable supplies. The total proposed fee is **\$14,974.00**.

TASK	SERVICES	PROPOSED FEE
Task 1	Continued Permitting	\$8,789.00
Task 2	Support in Procurement of a Construction Contractor	\$6,185.00
Total		\$14,974.00

This proposal is good for 60 days or contract end date whichever is sooner. The terms and conditions of the Non-Exclusive Continuing Services Agreement between Islamorada, Village of Islands, and Wood Environment & Infrastructure Solutions, Inc. (WSP), dated September 14, 2018, are incorporated by reference.

## Closing

We appreciate this opportunity to offer our professional services to you and the Village on this project. We look forward to working with you and are committed to providing the services you require for the

successful completion of this important project within the time frame required. If you have any questions or comments regarding this proposal, please let us know.
