(RFQ-18-05)**

*Issue Date: January 24, 2018*

Islamorada, Village of Islands (the "Village") invites developers (individuals, entities, joint ventures or teams, for profit or not for profit) with qualifications and experience to respond to this Request For Qualifications ("RFQ" or "RFQ 17-09" for Housing Development Services). The successful respondent(s) (the "Developer") will be listed as qualified to work with the Village to develop, construct and operate affordable and/or employee workforce housing which will be made available for sale and/or rental with restricted rental rates to residents of Monroe County whose gross incomes range from 50% to 140% of the county's median income, depending upon the final approved proposals. It is anticipated that the Village may qualify one or more developers, based upon their respective experience and capabilities, to provide different types of housing services (e.g. "single lot" development and/or "multi-family community development"). It is also intended that with respect to the one (1) specified location set forth in this RFQ, the Developer's ability to provide rental housing may be favored or even deemed essential by the Village. An evaluation team of Village employees will rank the responses and make recommendations to the Islamorada Village Council.

The Village will receive formal Proposals for this RFQ until **3:00 p.m. on March 9, 2018**. Attached to this Request for Qualifications is a "Qualification Submission Document." Responses are to be made by completing this form in its entirety. Proposal Packages will be opened by the Village Clerk or her designee immediately following the closing of the RFQ.

Interested firms must submit sealed Proposal packages by certified mail or in person to:

Islamorada, Village of Islands  
Attn: Village Clerk

## **I. PURPOSE**

Islamorada, Village of Islands (the "Village") invites developers (individuals, entities, joint ventures or teams, for profit or not for profit) with qualifications and experience to respond to this Request For Qualifications ("RFQ" or "RFQ 18-05" for Housing Development Services). The successful respondent(s) (the "Developer") will be listed as qualified to work with the Village to develop, construct and operate affordable and/or workforce housing which will be made available for sale and/or rental with restricted rental rates to residents of Monroe County whose gross incomes range from 50% to 140% of the county's median income, depending upon the final approved proposals. It is anticipated that the Village may qualify one or more developers, based upon their respective experience and capabilities, to provide different types of housing services (e.g. "single lot" development and/or "multi-family community development"). It is also intended that with respect to the one (1) specified location set forth in this RFQ, the Developer's ability to provide rental housing may be favored or even deemed essential by the Village. An evaluation team of Village employees will rank the responses and make recommendations to the Islamorada Village Council.

The Village declares its intent to negotiate, enter into agreements, leases and other ventures within the fullest extent of its authority and in the public interest, as it deems necessary in order to address critical housing needs throughout the Village, pursuant, but not limited to, authority set forth in Sections 166.04151, et seq., and 380.032, Florida Statutes. Moreover, Developers should be familiar with the Village's Comprehensive Plan and the Village's Code of Ordinances, including but not limited to Chapter 30 *Land Development Regulations* and Code Section 2-237(e) *Preference for Local Businesses*.

The purpose of this RFQ is to solicit sealed proposals from qualified affordable housing developers to construct and operate a new affordable single-family and multifamily housing which will be made available for sale and/or rental with restricted rental rates to residents of Monroe County whose gross incomes range between 50% to 140% of the county's median income. This RFQ complies with Section 255.20, Florida Statutes, Section 287.055, Florida's Consultant's Competitive Negotiation Act (CCNA), and the Village's adopted Policy for Selection of Design Build Operate Firms.

## **II. DESCRIPTION OF THE VILLAGE**

The Village was incorporated as a municipality on December 31, 1997. Located in the Upper Florida Keys, the Village is approximately 18 linear miles in length with a land area of approximately 3,900 acres. The Village consists of four islands: Plantation Key, Windley Key, and Upper and Lower Matecumbe Keys, which are part of the Florida Keys' chain of islands. The Village boundaries extend from Mile Marker 90.939 to Mile Marker 72.658. The Village has an approximate population of 7,100.

## **III. PROJECT DESCRIPTION**

The Village purchased four (4) vacant lots located on Woods Avenue in Plantation Key, Islamorada, Florida to develop into affordable housing. The Village seeks proposals that demonstrate an understanding of the

Village community and its housing needs and that would provide a high quality affordable housing development on the Project Site.

The Project Site will be offered “as is” to the selected Developer, who shall have full responsibility for obtaining all required approvals for the project, including environmental studies, site survey, environmental remediation, if needed, site preparation, permits, and any other predevelopment costs. It is anticipated that the Village may offer selected Developer(s) the opportunity to develop future sites that may be acquired by the Village for affordable housing.

#### **IV. SCOPE OF SERVICES**

##### **A. Development Objectives**

The Village seeks knowledgeable, financially sound and experienced providers of affordable housing that will meet the current and future needs of lower-income residents. Such providers would work with the Village to develop, construct and operate affordable and/or workforce housing which will be made available for sale and/or rental with restricted rental rates to residents of Monroe County whose gross incomes range from 50% to 140% of the county’s median income, depending upon the final approved proposals. For its specified Project Site set forth below, the Village desires to build a single apartment building comprised of eight (8) units: four (4) units with two (2) bedrooms each and the other four (4) units with one (1) bedroom each.

##### **Site Description**

The Project Site includes four (4) contiguous vacant lots of approximately 4800 SF on approximately 24,384.00 SF on Woods Avenue. See Attachment “A”

##### **Legal Description**

The Project Site is described as follows:

**Lots 1, 2, 19 and 20, Square 1, Lake Harbor, according to the Plat thereof as recorded in Plat Book 4, Page 84, of the Public Records of Monroe County, Florida.**

The Property Appraiser’s Parcel Identification Number is 00418090-000000; 00418100100-000000; 00418270-000000; and 00418280-000000.

The successful proposer shall confirm the exact site areas(s) by commissioning a survey of the Project Site prior to any construction on the property. All public utilities including water, sewer, natural gas, and electricity are within proximity to the site.

##### **High Quality Development**

Development of the Project Site must include high quality design, materials, and construction. The Project Site must comply with the standards of architecture, materials, and construction defined in the Plan. Applicants are encouraged to consult with the Village with questions relating to the development standards.

##### **Sustainable & Energy Efficient**

In addition to high-quality development, the Village expects that the Project will achieve sustainability and energy efficient goals that exceed the minimum requirements of the Florida Building Code. The Project should use environmentally-friendly and sustainable principles in project design and construction.

### **Distinctive Community Character**

The Project should be attractive and compatible with the character of the neighborhood and larger community, both aesthetically and functionally, and consistent with land use and zoning requirements.

### **Local Preference**

Preference shall be given to local applicants as specified in Section 2-328 of the Village's Code of Ordinances.

### **Timeline**

The Village seeks to have the Project developed as soon as is practicable. Therefore, proposals will be judged on the practicality of timeliness and the Developer's demonstrated adherence to time schedules, as well as its ability to obtain all necessary plan approvals, financing and construction commitments so that construction may commence as soon as possible.
